Report to the 2020 Mosaic Mennonite Conference

By John Hendrickson, CEO, Frederick Living

Frederick Living is pleased to have its deep heritage with the Eastern District Conference and to now be a conference related ministry of the Mosaic Mennonite Conference. We invite delegate participation and support in our long-standing mission, "In the spirit of Christian love, Frederick Living cares for and enriches the lives of older adults while valuing the staff, volunteers and community that serve them".

In early 2020, the Frederick Living Board of Directors, temporarily halted planning for a major campus expansion due to the growing COVID-19 pandemic. This has been a challenging time for senior living and for those we serve, yet we know that God's timing is perfect. We are very grateful for many in the church family who have sewn homemade masks, send cards, given generously and assured us of their heartfelt prayers.

Our community's tagline is, "Live Well with Us". We are normally very open to the broader community, inviting and welcoming family and friends. Sales and occupancy are vastly improved at the time of this report. However, overall census dropped to historic levels during the height of the first wave in Montgomery County. While government relief funding has helped immeasurably, we have absorbed unprecedented cost for personal protective equipment (PPE) and other COVID related expenses.

It is difficult to convey the many ways this experience has called out the best of Frederick's Board, employees, donors and other partners. We are blessed to have such a wonderful team caring for and enriching the lives of our residents.

Two Thousand and Twenty One will mark Frederick's 125th year of ministry to seniors and their families. Assuming that the COVID threat is no longer a factor, we trust that you can come when we celebrate this anniversary at Pottstown's Sunny Brook Ballroom in September of 2021.
