

# LIVING BRANCHES

*Live & Grow – Together*

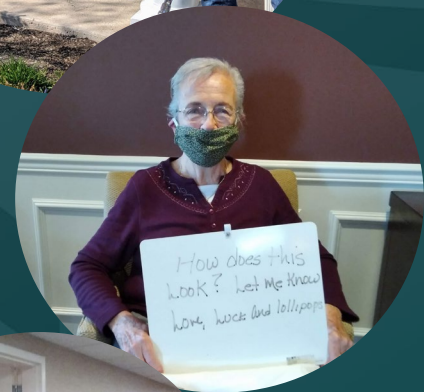

Living Branches is committed to empowering older adults and families to lead lives of purpose and joy. Just as our mission statement and tagline say, we navigated this year of challenge *together*.

As we navigated COVID-19, staff and residents responded with resilience, creativity, and compassion, which has made Living Branches a stronger organization. Both our residents and team members have experienced and felt the power of a community working in alignment toward a shared mission. Together we will continue to make a difference in the lives of our residents and families.

Additionally, master planning for Souderton Mennonite Homes and Dock Woods continues. Our top priority is to create more private rooms in Health Care. We know this is most desired by prospective residents and their families, but is now even more important and necessary as we plan for the future and prepare for potential pandemics.
